## Slim Line Plus

Technical and product information

**Kronodesign®**

Slimline worktops offer all the strength and durability of their heavier-weight countertops in sophisticated and ultra-slim format.

They deliver aspirational keynote look that is so popular in urban interiors, with the added attraction of our new decors – from the dramatic black uni-designs with a slate texture or a soft, anti-fingerprint finish to the stunning marble and woodgrain designs that can give luminosity and elegance to any setting.

Their slim aesthetics and beautiful appearance are complemented by a stylish solid core in a monochrome color.

**krono**SSPACED

Sophisticated simplicity.

Delicate marbles, gold and silver particles or snow-white kitchen countertop perfectly harmonize with the modern vision of the interior design, constituting not only a functional but also as a decorative element.

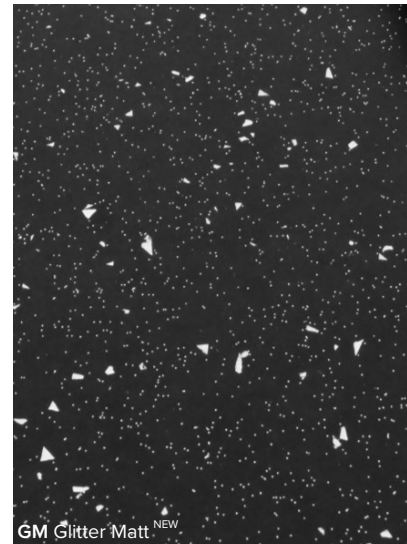

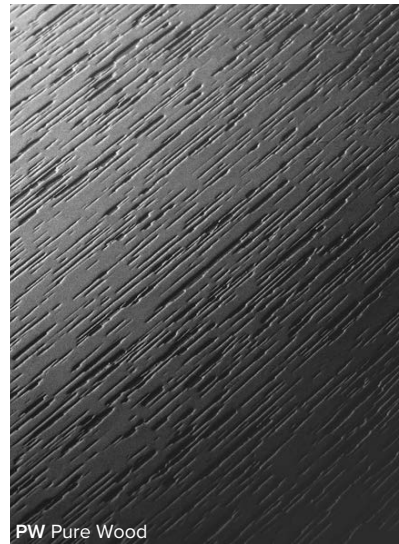

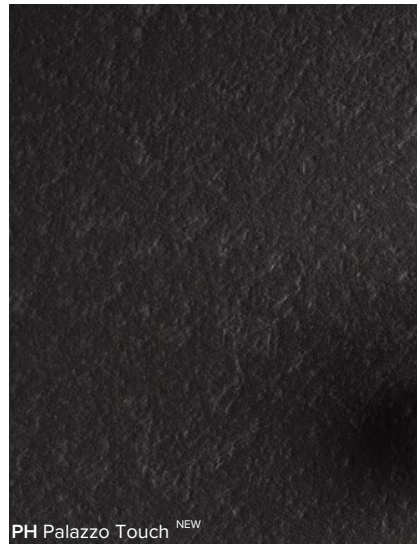

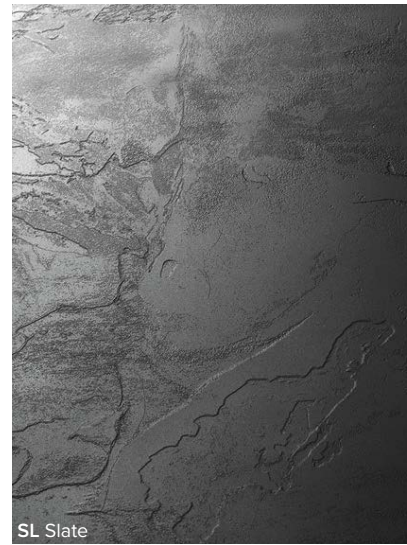

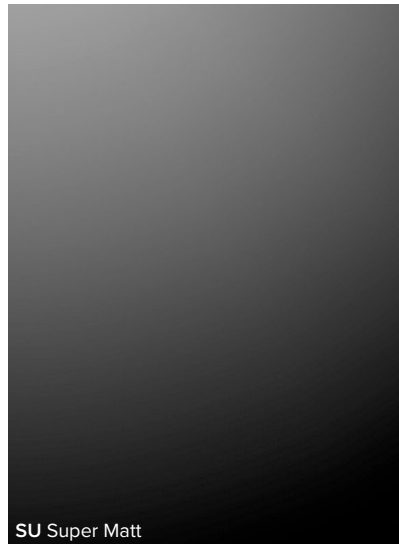

Modern.  
Timeless.

### AF Authentic Fine<sup>NEW</sup>

Deep matte fingerproof texture with smooth surface.

### SU Super Matt

Structure combining the matte effect with smooth, high-quality optics for a great look.

### SL Slate

The deep slate structure that reflects the characteristic appearance of faded stone.

### PH Palazzo Touch<sup>NEW</sup>

Based on vintage marble and soapstone textures. This beautiful dual gloss surface accentuates the cracks and indentations with a burnished, waxy feel.

### PW Pure Wood

Inspired by the elegant finish of the varnished veneer structure, it gives a silky matte finish, revealing the delicate gloss of the wood pores.

### GM Glitter Matt<sup>NEW</sup>

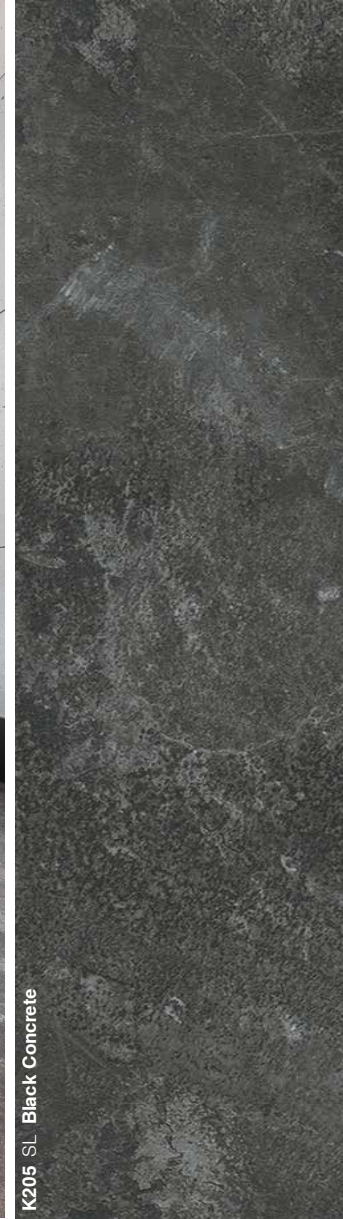

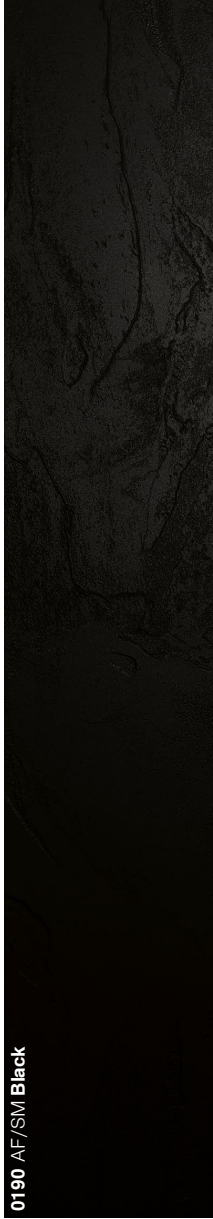

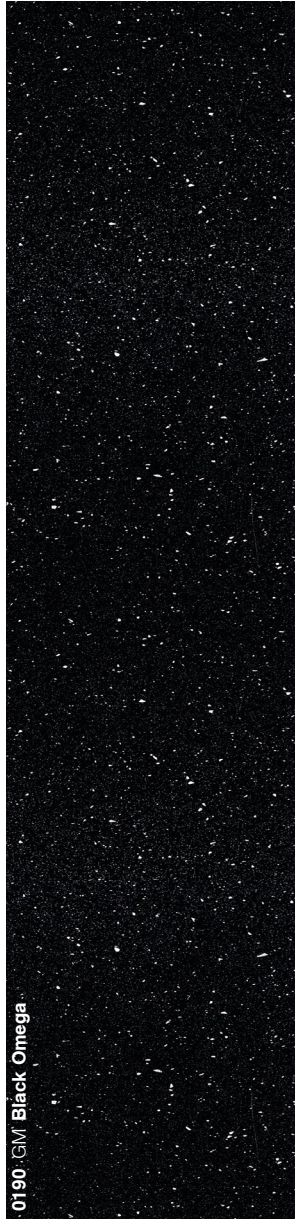

Smooth texture with petite glitter specs showing slight, cooltone reflections.
